

# Kast og finn ut!

Kva gjorde haren, kyllingen, snømannen, barna, læraren og rektor i påskeferien? Kast ein terning tre gongar og skriv setningar.

|                                                                                    | KAST 1                                                                                           | KAST 2                                                                                                        | KAST 3                                                                                               |
